

# DORAN VINEYARDS

## ROSIE D GRENACHE ROSÉ WO VOOR-PAARDEBERG

### **Harvesting/Cellar:**

Grapes were picked at 21 Balling specifically for Rosé making, cooled overnight to 5°C, destemmed and crushed the next morning, and left for 2 hours skin contact for its tickled pink colour. This followed by a delicate press cycle to ensure optimum freshness.

### **Fermentation:**

The wine was fermented at 11°C resulting in slow even fermentation over 20 days, respecting the fruit and freshness and securing it into the bottle.

### **Winemaker's notes:**

The wine is concentrated with strawberries on the nose, and fruit and spice flavours.

Rather silky and floral and well integrated. Mineral notes balance the tangy berry flavours with a clean finish

### **Technical analyses:**

Alc: 12.5%  
pH: 3.47  
TA: 6.2 g/l  
RS: 2.6 g/l
